▲ Non Standard Grits

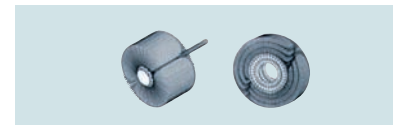

## R145

- For flap wheel and quick change disc
- Used for metal working - poly/cotton cloth backing
- Poly/cotton cloth backing

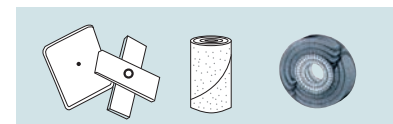

## C245

- For small and medium flap wheel and shaft flap wheel
- Used for stainless steel, nickel alloy, and carbon steel
- 100% cotton backing with excellent finishing and long product life

## C345

- For large flap wheels
- Used for cartridge rolls, square pads, cross pads, etc

## R155

- For belt and flap discs
- Used for carbon steel and stainless steel

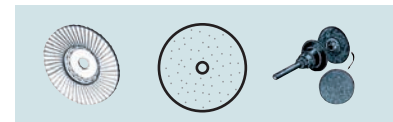

## R192

- For belt and flap disc - fast cutting
- Used for stainless steel, nickel alloy, tool steel, etc
- Fast cutting

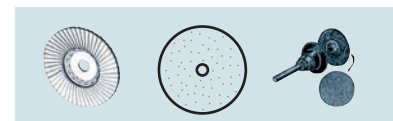

## C356

- For flap disc
- Used for stainless steel, nickel alloy and carbon steel grinding

## C656

- For flap disc and disc
- Used for stainless steel, nickel alloy and carbon steel
